

INTRODUCING
OMNIPOD®
VIRTUAL CARE

THE ONLY END-TO-END ENTIRELY VIRTUAL PATIENT CARE PLATFORM

Simplify diabetes care for your practice from prescription through ongoing care

A digital prescribing and onboarding experience

- ePrescription can be easily fulfilled through the pharmacy, reducing paperwork*
- No risk or commitment for the patient to try Omnipod from the comfort of home
- Comprehensive training is personalized to patient needs and available on line or in-person

The power of intuitively simple technology for insulin delivery in any environment

- Tubeless, waterproof Pod with auto-cannula insertion is easy to apply & wear†
- Built-in user instructions and CalorieKing® Food Library on the PDM are well suited for virtual care‡
- Expand your patient's care networks with remote access to insulin & CGM data on their caregiver's smartphone

Insulet provided Glooko for automatic access to patient data at any time, in or out of clinic§

- Automatic data via the cloud streamlines practice workflow with an opportunity for reimbursement
- Reduced data upload burden ensures you're informed ahead of scheduled visits
- Remote PDM software updates for access to the latest Omnipod features

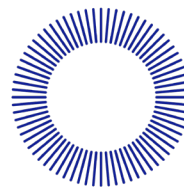

For more information please visit:
www.omnipoddigest.com

*Retail or mail order pharmacy

†The Pod has a waterproof IPX8 rating for up to 25 feet for 60 minutes.
The PDM is not waterproof.

‡CalorieKing® Food Library available in the English language only

§Available beginning Summer 2020
