

Omnipod[®] 5 & Glooko[®] Key Information

An Omnipod 5 Leaflet for People
Living with Type 1 Diabetes

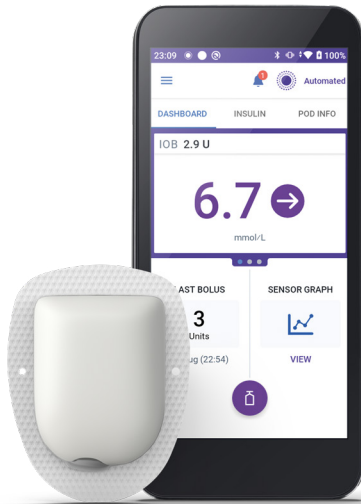

omnipod[®]
automated insulin
delivery system
5

LINK your Omnipod 5 Automated Insulin Delivery System data with Glooko

If you have missed linking your Omnipod 5 and Glooko, please follow these four simple steps:

1. Log into your online Omnipod® account at www.omnipod.com, using your Omnipod ID
2. Go to the **My Account** tab and then select **Account Linking** from the drop down menu
3. Select **sign up** or **log in** with Glooko
4. Proceed to Glooko and complete the process to link your account

When complete, your status will update to **Linked** and data will automatically upload into your personal Glooko account* which can be unlinked at any time to stop sharing data between Omnipod and Glooko.

*Must be connected to WiFi or cellular data, and Omnipod 5 users must have WiFi or cellular data access to receive updates in Glooko.

Choose to **SHARE** your
Omnipod 5 Automated
Insulin Delivery
System data with your
healthcare provider

*Entering a ProConnect code in
Glooko is the only way for your
healthcare provider to see your
Omnipod 5 data on their computer.*

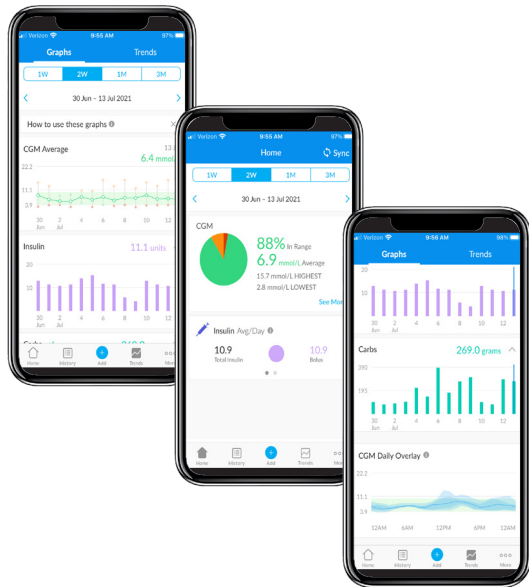

**ProConnect Code:
Provided by your
healthcare provider**

If you have missed linking
your Glooko account to your
healthcare provider, please follow
these five simple steps:

1. Log into your Glooko account at my.glooko.com
2. Select **Settings** from the drop-down menu
(top right on the home screen)
3. Scroll down to Account and select
+ Add New Code
4. Select **Continue**
5. Enter ProConnect Code then select **Submit**

Using the GLOOKO MOBILE APP

You have the choice to use the
Glooko mobile app or the online
Glooko platform my.glooko.com

For iOS

Download the app and log in

- From the App Store search for and install the **Glooko mobile app**
- Log in or create an account by filling out the requested information

View your data

Once your data is uploaded to Glooko, you can view your trends and graphs on your iPhone or iPad

Choose to share data with your healthcare provider

- Click the **More** tab
- Click **Share Reports** to email or print the reports

For Android

Download the app and log in

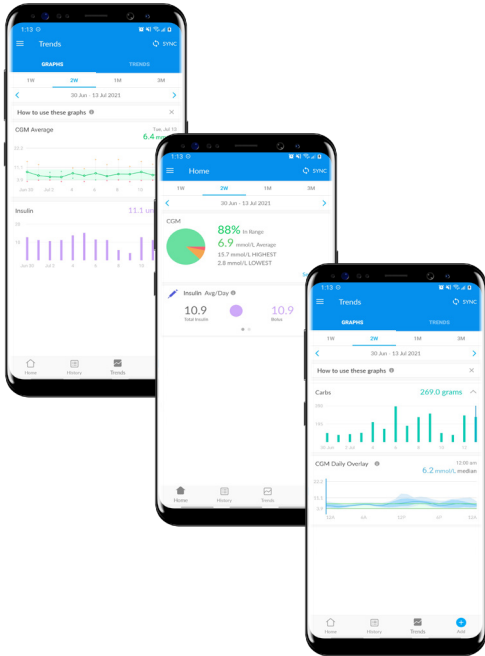

- From the Google Play™ Store search for and install the **Glooko mobile app**
- Log in or create an account by filling out the requested information

Sync and view your data

- Tap **Sync** from the Home Screen, and select **Omnipod 5 Automated Insulin Delivery System**
- Follow the prompts to complete the sync

Choose to share data with your healthcare provider

Click **Share Reports** to email or print the reports

Create, Store, or Print a PDF REPORT

You can create and view reports on the **Glooko mobile app** or at **my.glooko.com**

1. Log in to your account

2. To create a report:

- Click on your **Profile**
- Click **Create PDF Report** (top right)
- Choose desired reports and time frame and click **Create PDF**

3. To save/print a report:

Once the report is created, either save it to your desktop or a desired location, or print directly

The screenshot shows the 'Create PDF' interface for a user named Jane Doe. At the top, there are fields for 'Jane Doe', 'DOB: 17/08/09', and 'Diabetes: Type 1'. A 'Time' dropdown is set to '2 weeks' with a date range of '10/11/2021 - 23/11/2021'. Below this, there are several report thumbnails: 'Summary' (2 pages), 'Logbook' (2 pages), 'Overview' (1 page), 'Daily Overview' (14 pages), 'Week View', 'Overlay' (1 page), 'Calendar' (2 pages), 'Insights' (1 page), and 'Devices' (14 pages). At the bottom, there is a text box for a comment, a 'Print mode' selector (radio buttons for 'Black and White' and 'Colour'), and a 'Create PDF' button.

TIP! Save Customized Report Sets:

- Click **Settings**
- Scroll down and click **New Favourite**
- Select desired reports, and name the report set (*i.e. Dr. Smith reports*)

Make sure you have the ProConnect code provided by your healthcare provider to share your Glooko data
