

GET STARTED with Omnipod[®] 5

STEPS TO COMPLETE BEFORE ATTENDING OMNIPOD 5 TRAINING

- ☐ Do you have a vial of rapid-acting U-100 insulin ready for training?
- ☐ Are you ready to wear/wearing a Dexcom sensor (with your Dexcom receiver switched off) during the training?
- ☐ Do you have your Omnipod[®] ID and password ready for training? Follow the steps in this guide for online Omnipod[®] Account creation
- ☐ Bring a fully charged Controller with you when attending training

Important Considerations

COMPLETE OMNIPOD 5 ONBOARDING

This guide will provide support for creating an Omnipod ID and completing the necessary consent screens to get started on Omnipod 5.

SENSOR REQUIREMENTS

Using Dexcom

If you plan to use Omnipod 5 with a Dexcom sensor* you will need to attend the training already wearing a Dexcom sensor which must be used with a corresponding compatible Dexcom mobile app.

Note: Dexcom receivers must be switched off prior to training.

CONNECT TO OMNIPOD DISCOVER™

Omnipod Discover is the diabetes data management system that connects to Omnipod 5. By connecting your Omnipod 5 account with Omnipod Discover you will provide permission and enable data sharing† allowing you to:

- Review your personalised diabetes insights including insulin delivery insights, trends and patterns
- Share data with your Healthcare professional and/or diabetes clinic
- Receive weekly detailed reports from Discover providing overall insulin usage and readings from your glucose monitoring sensor

Recommendation: Set up the Controller's Wi-Fi to automatically connect to your home or work network. This will help ensure it connects regularly—ideally as often as possible, but at least once per week.‡

Screen image for illustrative purposes only. Sensor shown without necessary adhesive.

*Compatible sensors are sold and prescribed separately. Sensor availability may vary by country or region.

‡Connections between Omnipod 5 Controller and Insulet Cloud are via Wi-Fi.

How to Get Started on Omnipod 5

Before attending Omnipod 5 training you will need to create your online Omnipod Account.

WHY SHOULD YOU REGISTER?

An online Omnipod Account is required to use Omnipod 5. Once you have created your online Omnipod Account and provided the necessary consents you will be able to review orders, track shipments, and request support if needed.

During Onboarding you will have the opportunity to connect your Omnipod Account with Omnipod Discover. Providing access to additional diabetes data and insights and enabling you to share your Omnipod 5 system data with your Healthcare team.

HOW TO REGISTER

Visit **www.omnipod.com/setup** or scan this QR Code from a smartphone.

In your Omnipod 5 Starter Kit you will receive a Welcome Card containing the same QR code and website address for account set up. To get started and create an online Omnipod Account you will need an e-mail address.

WHEN SHOULD YOU REGISTER?

Online Omnipod Account registration must be completed before attending Omnipod training when you will activate your Omnipod 5 Controller for the first time.

1 - Starting Omnipod Onboarding

Go to **www.omnipod.com/setup** or scan the QR code.
Then, select your country.

Start Omnipod® 5 Onboarding

Sign in or create an Omnipod ID for the person wearing the Pod.

Sign In

Forgot your Omnipod® ID or Password?

Don't have an Omnipod® ID yet?

Create Omnipod® ID

Create an Omnipod® ID to start Omnipod® 5 onboarding.
If you're a legal guardian setting up for your dependant, you must create an Omnipod® ID for your dependant.

To login for the first time, click on "Create Omnipod ID" and follow the steps.

Confirm the Region of Residence

Confirm your region of residence

We are working on expanding availability of Omnipod® 5 to more regions in the future.

BackConfirm

18+ YEARS

Create your Omnipod® ID

Select the type of customer that best describes you.

☒ I am an adult (18+) and will wear Omnipod® 5 myself.
☐ I am a legal guardian for a dependant who will wear Omnipod® 5.

Adult Omnipod® Customer Personal Data

As an adult aged 18 or older, who will personally wear Omnipod® 5, please enter your personal data. This should be the same information as on your Omnipod® 5 order form.

Your first name *

Your last name *

Your Date of Birth *

DDMMYYYY

Country/Region *

United Kingdom

Mobile Phone Number *

☐ I have read and agreed to the Insulet Corporation's Terms of Use

☐ I have read the information below on the creation of my Omnipod® ID, and consent to the processing of personal data, including creation of health data. Such processing is necessary for the setup, maintenance and use of this Omnipod® ID as described in the Insulet Privacy Policy both for myself, and for my dependant, for any individual for which I act as legal guardian.

Information

We offer Insulet customers the option to create an Omnipod® ID. Therefore, based on the information you provide, we will set up our system whether you are an Insulet customer, or the individual for which you act as a legal guardian. It is an Insulet customer and whether you are registered as a legal guardian, is applicable. By creating an Omnipod® ID, you will be able to setup and use your Omnipod® 5 Automated Insulin Delivery System, or the Omnipod® 5 System of the individual for which you act as a legal guardian, and you can use the Omnipod® ID to sign up your selected Omnipod® account, an online environment in which you can use and update your contact details, manage your privacy settings, arrange your orders, and coordinate your product support activities. You can withdraw your consent to the processing of your personal data that is necessary for maintenance and use of your Omnipod® ID and request to delete the Omnipod® ID at any time by contacting the Omnipod® Customer Care team at 1-800-515-1124 or via 24/7 chat 1-800-515-1124 during normal business hours. *Your call may be monitored and recorded for quality monitoring purposes. Calls to 1-800 numbers are free from local landlines, but other networks may charge for these calls.

3 - Reading and Validating Consents

Data Privacy

At Insulet, the safety and security of our users and products is paramount in everything we do. We are dedicated to making the lives of people with diabetes easier and simplify diabetes management. Insulet respects the privacy of every one of our patients and is committed to the protection of their personal information. We have dedicated teams that are focused on keeping patient information safe from unauthorized access.

During the following steps, a number of data privacy consents will need to be validated: conditions of use of the product, the management of personal data, the use of the device and the improvement of products and services.

Omnipod® 5 Terms & Conditions

In order to start using your Omnipod® 5 Automated Insulin Delivery System you must acknowledge that you have read and agree to Insulet Corporation's Terms and Conditions which include the following:

End User License Agreement
Limited Express Warranty
Terms of Use

Agree

Omnipod® 5 Consents
Data Privacy Introduction

Thank you for choosing the Omnipod® 5 Automated Insulin Delivery System. We respect the importance of your privacy. As part of your Omnipod® 5 onboarding, we therefore provide you on the following pages with information on the processing of your personal data and ask for you to respond to various consent requests for such processing. We refer to our [Privacy Policy](#) for further information.

You can change your choices at any time in your online Omnipod® account or by contacting the Omnipod® Customer Care Team at 1800 954 074* or +61 272 084 352 if calling abroad.

**Your call may be recorded for quality monitoring, and training purposes. Calls to 0800 numbers are free from local landlines but other networks or network carriers may charge for these calls.*

Agree

If the Product Research, Development and Improvement consent is accepted a list of optional questions will be shown.

Omnipod® 5 Consents
Product Research, Development and Improvement

I agree that Insulet may collect and process my personal data, including my health data, to research and improve the Omnipod® 5 Automated Insulin Delivery System and related products and services, and to help support development of new products and services, as explained to me in the Insulet Privacy Policy. I understand that this may also include combining my data with other data Insulet holds on me, such as my demographic data, and data Insulet receives from my continuous glucose monitor provider and/or diabetes data management provider.

Note: This consent is optional and you can use the Omnipod® 5 System without providing such consent. Not providing this consent will not impact your ability to use the Omnipod® 5 System. If you consent to such processing, you will be asked in the next step(s) to optionally provide additional personal data.

4 - Omnipod Discover and Account Linking

Omnipod Discover is a diabetes data management system with a simple user interface designed specifically for people with diabetes. Omnipod 5 users can track glucose and insulin delivery patterns to highlight key trends. Omnipod Discover allows users to share data with their Healthcare Professional from using a Clinic code so that their data can be accessed at any time, even between scheduled visits. This means your Healthcare Professional can access your data between visits, providing users are connecting to Wi-fi regularly.[†]

Recommendation: Set up the Controller's Wi-Fi to automatically connect to your home or work network. This will help ensure it connects regularly—ideally as often as possible, but at least once per week.[‡]

During account creation you will be provided with the option to enrol in Omnipod Discover to view and share your Omnipod data.

Click 'Enrol in Discover' if you wish to proceed. Otherwise, you can still continue and complete Omnipod 5 account creation without enrolling to Discover but you must select 'Continue without enrolling' and do not exit the page.

To use Omnipod Discover and share your data you need to click 'open' to complete the following consents:

- Discover Terms & Conditions
- Discover Data Privacy
- Discover Product Research, Development and Improvement Consent

[†]Connections between Omnipod 5 Controller and Insulet Cloud are via Wi-Fi.

To share the data with the medical team and facilitate follow-up, enter the Clinic Code of the Clinic or Healthcare Team.

Omnipod Discover™

Share data with your clinic

For ongoing care enter the clinic code to share your diabetes data. The clinic code is a unique identifier to assist you in finding your clinic and initiating sharing.

Note: If you don't know the code you can ask your healthcare provider and add this later on in your online Omnipod® account.

Account Linking

Diabetes data partner(s)

Below are your options to link your Omnipod® ID with one or more of our diabetes data partners.

Changes to the account linking status can take around 24 hours to be processed by the Controller. Please ensure the Controller is connected to the internet.

Omnipod Discover™

Enrol in Discover

If you decided not to enrol in Omnipod Discover or have not yet received your Clinic code, you can 'Enrol in Discover' at a later date on the Account linking page in your online Omnipod Account.

Questions and Answers

What should I do if I forget my Omnipod ID or password?

The Omnipod ID can be found in the e-mail you received after registration.

If the Omnipod ID or password can't be found, click on "Forgotten ID or password" and follow the steps.

The screenshot shows an email from Omnipod. It starts with a greeting 'Hello,' followed by a confirmation that the user's Omnipod® ID has been successfully created. The ID is masked with asterisks. The email instructs the user to click a 'Sign In' button to proceed. Below this, it provides contact information for the Omnipod Customer Care Team, including a phone number and a note about international calling charges. The email is signed off by the Omnipod Customer Care Team. A small disclaimer at the bottom states that calls may be recorded for quality monitoring and training purposes.

The screenshot shows the 'Start Omnipod® 5 Onboarding' web page. It prompts the user to sign in or create an Omnipod® ID. There are input fields for the 'Pod Wearer's Omnipod® ID*' and 'Password*'. A 'Sign In' button is present. Below the button, there is a link for 'Forgot your Omnipod® ID or Password?'. At the bottom, there is a section for users who 'Don't have an Omnipod® ID yet?' with a 'Create Omnipod® ID' button. A note explains that if the user is a legal guardian, they must create an ID for their dependant.

What should I do if I have problems connecting to Omnipod Discover?

If you are experiencing any issues connecting with Omnipod Discover, call 'Customer care'.

What should I do if I haven't received the e-mail?

Check that the e-mail isn't in your spam or junk folders.

Check there is no typo in the e-mail address.

For assistance with account registration please contact Omnipod Customer Care^o:
