A note from Omnipod®

Life is good at Animal Crossing™: New Horizons, but we saw an integration in this game as an opportunity to continue to bring diabetes representation to the mainstream.

Omnipod Bay is an inclusive island where everyone—with and without diabetes—can go on great adventures, take part in a scavenger hunt to unlock a secret design, and navigate an obstacle maze to get to the secret Podder® Lounge, all with a character who represents them.

We are thrilled to have our own little oasis in Animal Crossing. We can't wait to see you there!

Get ready to explore!

The island is full of adventure and challenges. If you get stuck, you can always check the bulletin board. And remember, sometimes the code or tool you're looking for may be hidden behind larger items or cliffs. Use all camera angles to fully explore the island and find the supplies you need.

Meet new friends at The Podder® Lounge.

Getting to The Podder® Lounge isn't a straight route. It's through a maze! Grab your shovel and ladder and travel through the many twists, turns and obstacles. Keep an eye out for any hidden tools that might make your journey a little easier.

Go on a Scavenger Hunt!

Don't just lounge on the beach all day, go on a hunt for a special prize. Hidden within The Podder® Lounge, Gym, and Medical Center are code fragments. These codes can be combined and entered into your island design kiosk to unlock a secret design. Use all your camera angles and tools to scope out the needed codes.

Give your character some style!

Visit the kiosk in the town plaza to download any of the designs on Omnipod Bay.
